## INFORMED CONSENT

This interview takes about 50 minutes, but the time may be shorter depending on how many questions you answer. I will be asking about your neighborhood, such as its services and amenities, community organizations, volunteerism, and your household. If you have children living with you, there will also be a section about each of them.

Your participation in this survey is completely voluntary; you are free to stop the interview at any time. If there is a question you would rather not answer, I will skip it. Some of these questions might not apply to you, but I need to ask each question. All information you give is strictly confidential, and your name is never associated with the results. Findings of the research will be reported only in summary form, so that no individuals can ever be identified. I think you will find this an interesting and worthwhile experience.

May we begin the interview now?

**BOX IVR9. IF CHILDREN IN THE HOUSEHOLD, PROCEED TO THE CHILD QUESTIONNAIRES.  
FILL OUT A CHILD QUESTIONNAIRE FOR EACH CHILD
